

DISCIPLINE POLICY

PRINCIPLES:

- Prevent problems by developing positive relationships with others.
- Be responsible.
- Treat others as people, not objects.
- Respect self and others
- Control impulses
- Show compassion (empathy)
- Strive for equity (fairness)

These principles will be integrated throughout the curriculum, the counseling services, the staff development, and the entire normative structure of the school.

The law charges every teacher and administrator with maintaining order and discipline among students and provides that students who do not comply with reasonable rules may be recommended for disciplinary action.

Actions taken to control and correct undesirable student behavior will take individual circumstances into account. Concern for the safety and educational welfare of all students is the priority.

Students receiving, and students who have been identified as qualifying for special education and/or 504 services, shall be disciplined in accordance with provisions of Part B of the Individuals with Disabilities Act (IDEA) and Section 504 of the Rehabilitation Act.

DISCIPLINE POLICY

For a detailed copy of any of the above summarized policies, please contact the office.

DISCIPLINE PROCEDURES

If a student is suspended or expelled from EKA, the charter school will provide equivalent instruction. Every attempt will be made to deal with inappropriate behavior or problems by student and parent conferences. However, state law requires the following procedures be taken for certain actions or behaviors by students.

Immediate removal of the student from the school, upon explanation of reasons and pending procedures, for the following situations:

- Poses a danger to persons or property
- Is an ongoing threat for the disruption of the academic process.
- Is in possession, selling or distributing any controlled substance, or alcohol.
- Is in possession of a dangerous weapon (as defined in NRS 392.466)

STUDENT DISCIPLINE

A. Classroom/Advisory Discipline

1. If a student requires disciplinary action in the classroom/advisory, it should, in most instances, be handled by the advisor, which may suspend a student for a period length of one day, if they deem it to be in the best interest of the student or other students. The parent will be notified within 1 business day after the conclusion of the incident investigation.
2. If the advisor is confronted with a serious situation or is confronted with a situation specified in EKA's guidelines as unacceptable behavior, the advisor should immediately notify administration.
3. A written report describing the incident or infraction must be created and submitted regardless of severity. If the advisor desires a student-advisor-administrator conference, the advisor should so indicate on the report. Every effort should be made to hold the conference in a timely fashion to determine the appropriate action.
4. Disciplinary action should be taken as soon as possible. When appropriate the student shall be returned to the classroom, or the behavior may warrant a future conference.
5. Judgment and discretion are to be used in all punishment/consequence determinations.
6. A Behavior Contract between a student, parents/guardians, advisor(s) and administration may be used to promote positive behaviors.

DISCIPLINE POLICY

- B. Corporal punishment is prohibited (NRS 392.465) - which is defined as the intentional infliction of physical pain or the physical restraint of a pupil for disciplinary purposes. The term does not include the use of reasonable and necessary force:

Exceptions:

- Attempt to quell disturbance which is threatening physical injury to any person or destruction of property;
- Attempt to obtain possession of a weapon or other dangerous object within a pupil's control;
- Self-defense or defense of others; or
- Escorting a disruptive pupil who refuses to go voluntarily with proper authorities.

C. Detaining Students

Students are not to be deprived of 20 minutes to eat lunch, either for punishments or for special help. When it is necessary for students to make up time or receive special help, the advisor may request them to report before school in the morning or detain them after school for not more than one hour.

Anticipating the natural concerns of parents for immediate student return to home, no elementary student will be detained without prior notification. All students regardless of grade level shall have the privilege of going home the first day to inform parents that they will be detained the following day or days if the student is to be detained more than 15 minutes.

SUSPENSION OR EXPULSION (reference: NRS 392.466)

Suspension is the temporary removal of a student from school for any of the reasons outlined in EKA's discipline policy. When circumstances permit, students who must be removed from an advisory or playground should be kept at school to participate in as much of the program as possible. The primary purpose of suspension is to give the student, the student's parent(s), and the school the time needed for resolving a problem. The parent must be notified in writing of each suspension. Reasonable effort will be made to contact the parent(s) before the end of the current school day. Duration and conditions of suspensions are as follows:

- A. Since the time and actions needed to resolve problems depend on individual circumstances, the duration of suspension shall in all cases be related to a course of action designed to resolve the problem. The duration shall be specified in advance only when known factors preclude immediate resolution. The student shall be readmitted as soon as the school has reasonable assurance that the problem has been resolved or significantly improved.
- B. The school may impose appropriate requirements relating to parental contacts, the student's future behavior at a school, and school work to be done during suspension.
- C. A letter of suspension is to be used by the administrator or administrative designee in cases of a more serious nature or when circumstances may warrant further action, such as an expulsion recommendation or removal. Within three (3) school days of suspension, a conference with the student, parent or guardian, advisor and/or other appropriate personnel is to be held. No student is to be on suspension more than ten (10) school days before a decision or recommendation is made. If a recommendation for expulsion is made, the suspension will remain in effect until the final disposition of the expulsion recommendation.

DISCIPLINE POLICY

- D. Students suspended for assault or battery to a school employee using, selling or attempting to sell alcohol or a controlled substance, arson, possession of a weapon as prohibited by NRS 392.466 or Gun Free Schools Act, or immoral conduct as it pertains to sexual behavior between individuals, are not allowed on a school campus or at any school sponsored activity for any reason without the express prior permission of the administrator.

Request for Parent Conference – A request for Parent Conference letter is to be used when the desired results may be obtained without the loss of school time and when a Parent Conference is desired but not required to resolve an issue.

Notice of Required Parent Conference/Temporary Removal From School- A notice of required parent conference/temporary removal from school letter is to be used when a student parent conference or the temporary removal of a student is necessary. There will be no loss of school days unless the student is temporarily removed. Such removal may not exceed two days from and including the date of infraction. Such days will count toward the maximum allowable days for exclusion for students with disabilities.

- A. A Notice of Required Parent Conference may not be used in lieu of a suspension.
- B. If the parent does not communicate with school administration to schedule a conference by the next school day, the administration will make reasonable efforts to contact the parent(s) or legal guardian(s) and document the attempts.
- C. Conferences may be held by phone when appropriate or when requested by the parent or guardian as a result of hardship.
- D. Students may not be suspended for failure of the parent to schedule or participate in a required conference.
- E. If a parent or guardian does not participate in a required conference, the administration shall determine if it is necessary that the student remain out of school. If the administrator determines that it is necessary that the student be kept out of school, the administrator shall suspend the student in accordance with the provisions of this regulation.

The Federal Gun-Free Schools Act of 1994 does not affect the requirement that discipline of students with disabilities, who violate school regulations or policies regarding firearms or destructive devices, must still comply with Part B of the Individuals with Disabilities Act (IDEA) and Section 504 of the Rehabilitation Act.
